

Redx Pharma co-sponsors BioInfect 2013

26 Nov 2013

Redx Pharma co-sponsored a major 1-day conference looking at the critical issues relating to the development of new anti-infectives and the endemic problem of resistance.

The aim is to contribute to setting the national and international agenda regarding the development of legislation, regulation, research focus and international trends in the critical area of the growing challenge of anti-microbial resistance.

Photographs, interviews and media coverage to follow...
